

Laundry to Landscape: A 1-Day Greywater Workshop

Saturday, August 15, 2009 - 10AM to 3 PM

Cost: \$20-50 sliding scale

Location: 117 W. Mission St., Ventura, CA

Laundry Greywater Systems have now been legalized without permit by the State of California and individual counties are currently in the process of adjusting and updating their codes.

In this workshop, we will create a demonstration of a simple and effective **Laundry Greywater System** and give you the tools to design one at your place.

We will cover:

- Essential Greywater Design Process
- Designing a Laundry Greywater System
- Implementing a demonstration Laundry Greywater System - including plumbing, earth works and planting!

Instructor:

Devin Slavin of Abundance In Balance Design, has been designing and implementing permaculture projects for years with the Regenerative Design Institute. He also co-founded the Grow Food Party Crew – a movement and model for creating gardens through community celebration.

To Register:

Email Devin@AbundanceInBalance.com with Subject "Ventura Greywater Workshop" and include your name and phone number along with how much you are able to pay.
