

Naturally Building Your Nest

WildEarthBuilders.com, Carolyn Marie Hernandez and Carrie Campbell present...

Naturally Building Your Nest, is a workshop series designed to support your empowerment to create IN-spired, healthy space and build community. Learn to design, resource, build, and organize support for your "Nest" whether it be a playhouse, office space, fairy garden room, reorganizing a conventional space, sauna, etc. Building experience is NOT a prerequisite! Your building project could coincide with the teaching project. Consultation will be available to assist your progress as well as resourcing community support.

WORKSHOP LOCATION:

136 S. Arnaz Street
Ojai, CA 93023

REGISTRATION:

Some scholarship/trade available.

These workshop experiences are offered to support the journey of being a co-creator of life. (Workshops are not exclusive to women, but will be grounded in the feminine principles of BEING as we DO, INTUITIVE IN-SPARATION, SACRED INTENTION, etc.)

PLAY IN THE MUD - JUNE 4th - 10-2 - \$30

A hands-on experience to wake-up your natural connection to the earth. Come and playfully join us in connecting with local natural building materials and methods. Activities will aid in creating a model to further develop your vision for your own natural building project.

NATURAL BUILDING DESIGN - JUNE 5th - 10-5 - \$45

What are the questions to ask? Where do you start? The workshop covers topics such as permaculture principles, local resourcing, IN-visioning, theory, building and code concerns, materials choices, and design ideas. We will playfully open to our deeper longing for NEST, connecting as part of nature, creating community bonds, and more.

COB/EARTHEN WALL SYSTEMS - JUNE 9th THRU 12th - 10-5 DAILY - \$177.00

In this four-day workshop, we will explore the basics of several earthen building techniques. This hands-on/feet-on project will focus on sculpting walls for an earthen playhouse. It is designed to empower you to create your own playhouse, office, garden room, bench, etc. (Includes lunches & snacks, camping available for an additional fee.)

FUTURE WORKSHOPS: Will include: WINDOWS AND DOORS, FLOORS, ROOFING, PLASTERS, AND FINISH DETAILS. We will continue the playhouse project from the ground up, foundation to roof. Ceremony will begin the process and complete it, using all we have learned from previous classes. We all have gifts to bring into the design and build process and we will call these up as we go, both collaborating and summoning the uniqueness of our creative selves!
