

# Green Living IN ORANGE COUNTY

the  
Permaculture  
Design Course  
Series

Simple Steps to a Greener Lifestyle...

**LOCAL FOOD SECURITY**

**SAVE MONEY AND  
SAVE RESOURCES**

**RE-DESIGN WITH NATURE**

**GREEN BUILDING**

**SUSTAINABLE ECONOMIC  
STIMULUS PLAN**

## The Permaculture Design Course Experience...

This Course has truly transformed the lives and enhanced the careers of thousands of people around the globe. Through lecture, video, discussion and field trips, this course will examine some of the worlds most inspiring examples of human ingenuity -and sustainable land use ever documented.

Permaculture Design is both an Art and a Science. Learn problem-solving and decision-making protocols based on the Patterns of Nature.

The course curriculum starts by looking at how natural systems work, then continues by applying that understanding to the design, building and maintenance of our homes. The program culminates by extending that ecosystem approach to the design of our neighborhoods, communities and business practices.

Certificate Series Begins  
November 14th & 15th.  
One weekend a month  
for 6 months.

Foothill Ranch Library  
Foothill Ranch, CA

**Larry Santoyo**, Director  
EarthFlow Design Works,  
Internationally Acclaimed  
Designer and Educator leads  
a team of recognized  
leaders in the Worldwide  
Sustainability Movement.
