We would like to invite you to join us for the 1st annual natural living skills gathering on the Gaviota coast just north of Santa Barbara. The Acorn Gathering is an opportunity for our community to create a deeper connection with the Earth and each other. We have teachers from all over the United States who are coming to share their passion and mastery of primitive skills. What better gift can we give to ourselves and our loved ones, than to be close to the earth, to work with our hands and to learn and share these ancient ways with one another.

For more Information go to our website www.acorngathering.com. Pre-registration is required. We are offering a discount for early registration so don't wait until the last minute. We hope to see you there...
