

SHARE SPACES AND GET AN OASIS:

A small family seeks home in Santa Cruz

What we are looking for:

Our vision is to contribute to the land and the community we live in by hosting permaculture workshops that implement core projects that will transform the place we live into a permaculture oasis.

Devin Slavin (Abundance In Balance Design/Grow Food Party Crew) runs monthly hands-on workshops at client sites. This could easily shift to developing your land as we live there. Imagine water harvesting systems, greywater, food forests, animal systems, vegetable production, natural building – all happening at your place!

Specifics:

- A large room, cottage, or space to build shelter (pitch a yurt/teepee) for us to live in or close to Santa Cruz, CA.
- Peaceful community and communication
- Young children around is a plus
- Garden space is great!
- We're ready to move July 1st

Who we are:

We are a small and sweet family of 3. As mentioned above, Devin (the rad dad), runs a permaculture design business and is co-founder of the Grow Food Party Crew (see youtube). Ashley (sweet mama) works at the Baby Shoppe downtown and is diving deep into the women's health world. Kanan (our 4 yr. old boy) is a fun and curious little guy that is a joy to have around.
