

Surfrider Foundation's

Ocean Friendly Gardens Program

Partnering with City of Santa Barbara & Goleta Water District

Join us anytime during this series to learn to create an Ocean Friendly Garden (OFG): Basics Class, Hands-on Workshop, Garden Workday and Neighborhood Walk.

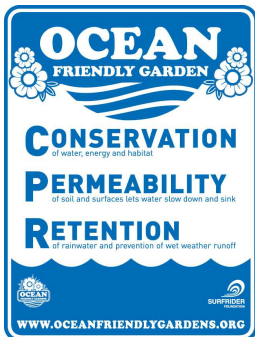

Save water, prevent runoff, have more time & money for other things! How?
Ocean Friendly Gardens “apply **CPR** to revive our watersheds and oceans:”

C - Conservation of water, energy and habitat

P - Permeability of soil and surfaces to let water slow down and sink

R - Retention of rainwater and prevention of wet weather runoff

Basics Class – Review the whole process of creating an Ocean Friendly Garden and steps necessary to complete the work yourself. Led by G3, The Green Gardens Group.
Saturday, June 11, 10am-1pm at Louise Lowry Davis Center, 1232 De La Vina Street, Santa Barbara
RSVP to: santabarbaraofg@gmail.com. Light food & drink served.
***Dates and location for the Workshop, Workday and Walk will be provided soon after the Class.**

Volunteer with the Santa Barbara & I.V. OFG at santabarbaraofg@gmail.com.

OFG Sign Criteria and DIY info at www.oceanfriendlygardens.org.

Post your garden info at <http://oceanfriendlygardens.crowdmap.com/>.
