

The Santa Barbara Green Living Co-op *presents* A Lecture, Discussion and Book Signing

CREATING RAIN GARDENS Capturing the Rain for Your Own Water-Efficient Garden

with **Apryl Uncapher**
co-author with Cleo Woelfle-Erskine

Wednesday August 22 from 7:30-9pm
Ayni Gallery, 216 State Street, Santa Barbara
(across from the Amtrak station)
This Lecture is Free and Open to the Public

Apryl Uncapher is an ecological designer dedicated to rainwater harvesting modeled on nature's examples. Co-author of the San Francisco Rainwater Harvesting Guide, Apryl has consulted on a variety of integrative stormwater management and water recycling projects for more than a decade. With a degree in innovative design engineering from Purdue University and accredited as a LEED professional, Apryl continually sources opportunities

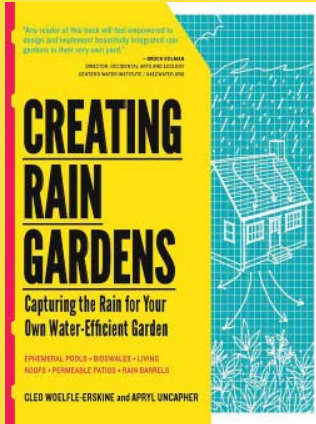

to participate in water projects that inspire a sustainable water consciousness. Apryl currently resides in San Francisco where she is passionately preserving water resources with two little girls splashing and dreaming by her side.
