

CALIFORNIA RARE FRUIT GROWERS –
Santa Barbara/Ventura chapter presents...
SUMMER FRUIT TREE PRUNING!
Demo and Hands-on Workshop

Also includes a FRUIT EXCHANGE & TASTING if you have extra fruit of any kind to share

WHEN: Saturday, August 19, 10:00am – 12:00pm

WHAT: Summer is the perfect time to prune your deciduous fruit trees to limit size and remove deadwood. Learn tips, tricks and best pruning practices and then try them out on our trees while experts are nearby to advise.

WHERE: Mesa Harmony Garden, Santa Barbara, CA (corner of Dolores and Meigs).

WHO: A panel of local experts and YOU. Share your experience and challenges with fellow members.

FEE: Members free, \$3 - \$5 donation suggested for non-members. (\$10 membership will give you 1 whole year free local CRFG events, so why not join?) 2017 MEMBERSHIP IS NOW DUE!

PLEASE BRING: Pruning tools – secateurs, loppers, hand saw if you have one. Folding garden chair or stool so we can sit in a circle. Fruit, plants, seeds and baked goodies to share are also welcome! And of course sunhat, water, sunscreen, umbrella or whatever you need to be comfortable. We love your doggies, but please leave them at home.

DIRECTIONS: 1740 Cliff Drive, Santa Barbara, CA (corner of Dolores and Meigs). This 2/3 acre food forest/orchard grows food for the Food Bank and is on the property of Holy Cross Church, but it's easiest to find using the following directions as the garden is on the corner of Meigs Road and Dolores Drive at the back of the property. From the 101 Freeway: Take the Carrillo St exit and head toward the ocean. Carrillo turns into Meigs Road. Head up and over the hill and turn left on Dolores Drive. Park along the street. The garden is on the corner.
